### What is Fucoidan AF Premium

Among the fucoidan products on the market, it has the highest content of fucoidan.

What's more, it's the only original product that contains **Fucoxanthin** and **Ascophyllum**, which are useful ingredients, **to better support your health.**

Contains useful ingredients for health support. And its quantity and quality are blended in a golden balance to maintain good health for the future.

It is a product of confidence that has been developed through improvements made from our conventional Nano Fucoidan product.

## Fucoidan AF Premium

### Leads to good results

### Product commitment

Fucoidan AF Premium Commitment **1**

◆Fucoidan compounding amount, industry top class!

Fucoidan AF Premium liquid 900ml contains **430,000mg** of [fucoidan](#).

Due to its high content, if you drink the same amount of liquid as other fucoidan products, you can get more fucoidan in Fucoidan AF Premium.

Furthermore, when other useful ingredients such as [fucoidan](#), [fucoxanthin](#), [ascophyllan](#), [vitamins](#) and [amino acids](#) are added together, the combined amount is **4823888 mg**, making it an excellent product for health support.

Okinawa mozuku fucoidan from Okinawa!

We use Japanese mozuku fucoidan, which contains a lot of fucoidan.

#### Fucoidan content of various seaweeds

High-quality fucoidan with a purity of 85%!

The difference in quality also appears in purity, and it is said that the one with high purity is good.

Fucoidan AF Premium uses fucoidan with a purity of 85%.

It is different from a product that has no description of purity or a product with low purity.

Fucoidan AF Premium Commitment **2**

◆Fucoxanthin, a valuable useful ingredient!

事をしたり、企業や自治体、家庭において人々の健康をまもるなど、医師とはことなる観点から健康をまもるお手伝いをします。

#### フコイダン健康堂 LOHAS株式会社

〒816-0801 福岡県春日市春日原東町2-8-1

LOHAS株式会社は「福岡県子育て応援宣言企業」です。  
福岡県 第16号

Fucoxanthin is a kind of carotenoid contained in brown algae, and it is a valuable ingredient that is contained only in trace amounts. In recent years, research has progressed and various research reports have been made.

Fucoxanthin is oily in nature and cannot be dissolved in water. A water-soluble fucoxanthin is required for incorporation into liquid products.

Fucoxanthin used in Fucoidan AF Premium is a **water-soluble fucoxanthin** that was **first developed in Japan**.

◆Contains highly active seaweed ingredient "Ascophyllan"!

**Contains Ascophyllan, a component that has received attention as being highly active..**

Ascophyllan has a structural formula different from that of fucoidan derived from Mozuku.

It is also excellent in nutrition and is said to be a superior ingredient to fucoidan.

If you take it at the same time as fucoidan, you can expect more.

◆Contains amino acids containing essential amino acids!

**Fucoidan AF Premium contains plenty of essential amino acids that our body cannot produce.**

If you lack one of the essential amino acids, you will not be able to create a strong body, so you need to get it from food.

◆Vitamins are nutritionally functional foods!

There is a recommended daily intake of nutrition.

If the amount of nutritional components included in the product conforms to the national standards for upper and lower limits, nutritionally functional foods can be labeled.

**Fucoidan AF Premium is a nutritionally functional food containing vitamins that meet the standards.**

Nutritionally functional foods are used for supplementation and supplementation when you cannot get the nutrients you need daily.

◆Preservatives, artificial scents, and coloring agents are additive-free!

The product does not contain preservatives, artificial fragrances, or colorings, so you can continue with peace of mind every day.

### ◆safety standards of Japan and can be relieved!

Arsenic and heavy metals, which are harmful substances, have not been detected.  
We also conduct thorough toxicity tests for each raw material.  
We also inspected radioactive materials and found that they did not detect it.  
You can drink with confidence from small children to elderly people.

### ◆Analysis at Japan Food Analysis Center !

Fucoidan AF Premium analyzes the ingredients at Japan Food Analysis Center, Japan's largest inspection agency.

Rather than in-house investigation, we conduct analytical inspections by a solid third party.  
We also have quality test reports from raw material manufacturers.  
It is also proved in the analysis report that no arsenic or heavy metals that are harmful to the body have been detected.  
Radioactive substances are measured and the result is not detected.

### ◆Easy to drink so you can continue everyday!

No matter how good the product is, it can't continue with an unpleasant taste.  
Although it contains plenty of beneficial ingredients, we are thoroughly focused on the balance so that you can drink with a refreshing taste without worrying about the aroma of seaweed.  
The product uses apple juice and erythritol.  
Both are naturally derived, so they are harmless and safe for the body.  
After many trials, the taste became the easiest to drink.  
*It is easier to drink than previous products.*

### ◆Products are jointly developed with professionals!

By developing with experts, we can make products that can be felt more with the content of better ingredients.

*We have found the best combination through repeated research..*
